standard hangers

Hangers, whether clear nylon or stainless steel cable, have ends which are inserted from the ends of the rail. They then slide along to the required position.

Prices are 'per hanger'. Hangers can be made virtually any length - prices on request.

The Locator U-rail is designed to fit into most shadow lines. It can also turn your wood bordered ceiling into a hanging system in the blink of an eye. The rail can simply be mounted on to the wood with a few screws and is almost invisible.

The U-rail is very suitable for hanging white boards, advertising boards or maps. An ideal solution for a business environment.

You can choose either the more economical clear nylon hangers or the state of the art stainless steel cable hangers. There is also a choice of hooks.
